The teachers of the "Pilot Knob Institute" wish to express their thanks, through the columns of the REGISTER, to Prof. Miller for his self-sacrificing efforts in their behalf through the past week.

The St. Louis Ore & Steel Company's Store at Pilet Knob must be doing a big business. We printed 19,000 sale checks for them three weeks ago, and now have an order for 10,000 more on our lob-hook.

A Sunday School Convention will be held in the Baptist Church, Ironton, on Friday, jeine was first introduced on the Pacific Coast, Saturday and Sunday coming. All the Sun- and is now sold everywhere. Be sure you get only German Elixir, as there are other mediday Schools in the Valley and county are cordially invited to attend.

The ball at the Academy of Music last Thursday night was well patronized, and passed off pleasantly. The managers say everybody appeared to enjoy it, and, as they came out "even," they had a good time, too.

That the four manufactured by the new mill is first-class, we can testify, for we have tried some of it. The "Straight Grade" and "Tip-Top" brands are as fine as we have ever seen-fully equal to the best makes of the famous Minneapolis mills.

A treacherous wheel on a light, covered wagon containing half-dozen colored boys and girls igave way, on the home stretch, within fifty yards of its destination, last Sunday afternoon. Six boys and girls were piled out promiscuously, without injury, and the top of the vehicle collapsed. John Buckner, Jr., engineered the excursion.

The pleasant countenance of Hon. J. H. McHenry, of Belleview, enlivened the REG-ISTER office for a few minutes last Tuesday. He had been summoned as a juror in the Downs case, but was rejected. Jno. R. Kitchell, W. E. Bell, Esqs., and others, had their hearts made light through the same

It is rumored that work will be resumed at the Silver Mines in Madison county, at no distant day. Of course no one here can tell how much or little truth there is in the reports that go flying about; but there| is reason to believe that the stockholders have not lost faith in these mines, and that they have held the work suspended for causes not connected with either the quality or quantity of the ore contained in the various shafts.

Aug. Rieke, Esq., as stated last week, returned from his visit to "vaterland," hale and hearty. He was received at his old home with an ovation, and enjoyed a short time with friends, relatives and old companions-in arms-for Gus. was a soldier in the Franco-Prussian war. That he had a magnificent time needs not be told, albeit he had to put hors du combat one uncivil and indiscreet individual who hinted that America was peopled by beasts that had not yet been

Mr. Editor,-I have found out the gentle man who tried to get a joke on me about seeing "both of the steamboats." I will tell you a joke on him that is true. After spending two years at college, he returned home thinking himself quite an accomplished young man. A few days after his return, the Academy of Music building. Mr. Chase his mother was invited out to dine at Senator took charge of the Register's office on Tues- Brown's, and of course she desired her accomplished son to accompany her. He did. Everything passed off pleasantiv: the dinner which were finger-bowls containing warm water and a slice of lemon floating on top. The servant carried the bowls to the young man first; he looked very much abashed, and not being used to them at boarding-school, he couldn't imagine their contents to be anything else but lemonade. He took up a bowl and drank about a pint of warm water; he was soon obliged to excuse himself and leave the room. Just imagine the feelings of his mother on hearing her hopeful son "heaving up" of the steamboats."

Superior in Every Respect.

The celebrated German Pulmonic Elixir, commonly called German Elixir, but recently introduced on the American continent, has qual in the world for the cure of all Throat and Lung diseases, Catarrh, Consumption, Bleeding of the Lungs, etc., etc. It is rich in the medicinal properties of tea, wild cherry, honey, horehound, etc. Go to Dr. G. W. Farrar, druggist, Pilot Knob, and get a bottle; he will present you with one dollar and sixty-five cents' worth of choice music, arranged for piano or cabinet organ. The medcines with the word German attached to them. The genuine bears the Prussian coat of arms and the signature of Dr. Channing White on the wrapper, the name blown in every 75-cent bottle. Samples 25 cents each. 2

We are sure his work among us has increased our ability to teach, and will have a reflex influence for good in schools and fam- dislike to the new-comers, who were apparilies. He has, moreover, created a favorable impression for the institution with which he is connected, and the thought of some is, "If the faculty of Cape Girardeau Normal is composed of such men as Mr. Norton, they

cannot fall to do good work." A most excellent feature in connexion night, the subject of which was "The Tax-Payer and the Public School." O! how we wished all the tax-payers and all the school teachers could have heard it—and how much Ironton lost by not having the institute within her limits, cannot be estimated.

We hope, however, (for there will be a similar meeting next year) that Irouton will not be left out in future, and that the session shall be four weeks instead of one week. And those teachers who failed to attend this session should not fail to be at the next one. We all need such help as is available here, and cannot afford to deny ourselves of them here as in some other places, that teachers and their places supplied by those who manifest greater interest in and love for the work. This plan of county institutes should be enconraged by all friends of education, as it will elevate our public schools and make them much more effective and profitable than they have been.

Are some afraid of this result? It looks as if they were. But a better day is dawning for us in educational matters: let us do all we can to encourage our schools and make them what they ought to be.

By the way, is the donor of those nice eating apples with which the meeting was supplied, not entitled to a vote of thanks? All who favor the motion say I. Unanimousand proved by interest the teachers took in them, just as any other part of the program. Now, Mr. Editor, this report is meagre and

imperfect, and does not give a clear understanding of all that was done at the institute; but it indicates our appreciation of such a from day to day until Monday.
